

### FURTHER CUT IN VALUATIONS ASKED OF CO. BOARD

#### Chairman Replies To A Demand Of Assn. Of Taxpayers

Members of the Lee County Board of Supervisors listened to a somewhat lengthy address on taxation given by President W. P. Aydelotte of the Lee County Taxpayers Association and the reply which was brief but forceful, was given by Walter Ortigiesen, chairman of the county board and also head of the Board of Review. Dr. Aydelotte appeared before the board at the afternoon session, urging a further reduction in valuations in Lee County, and was scheduled to appear again today, seeking the adoption of a resolution by the county board requiring the Board of Review to make such a change as a relief measure in behalf of the taxpayers of Lee County. No criticism was offered of the Board of Review's actions by the speaker, who cited figures showing reductions in several of the surrounding counties.

Chairman Ortigiesen replied to the remarks of the speaker, and stated that he favored making haste slowly in matters which called for the immediate slashing of valuations. He told the board that President Aydelotte and other of his associates in the Taxpayers organization had appeared before the Board of Review and demanded a 25 per cent reduction in valuations, which was not granted. The Chairman asked the board members to consider the drastic cuts in valuations which would lower the county's funds to a point where it would be unable to pay its obligations, and then asked the effect, in attempting to restore the credit and fine financial position which Lee County has enjoyed for many years.

**Chairman's Reply**

"Lee county per population is paying about one dollar more to the state than it should, totalling about \$30,000 and valuations in Amboy are lower than in other townships of like population," the Chairman told the board. "To lower the valuations to a point where the townships are unable to meet their obligations, is not the desire of the Board of Review. We have tried to conduct our investigations and business in such a manner in that the taxpayers of the county would have faith in what we do, and a demand was made upon us by members of the Taxpayers Association for a 25 per cent reduction, which we believed would be jeopardizing the financial position of Lee County, and likewise would be detrimental to the county as a whole. If Lee County is as high in valuations as is claimed, then it always has been, and I personally would like to see Lee County on a firm financial basis, as it has been in the past and continue to maintain this standing."

President Aydelotte then talked to the Board on the cost of operating the educational institutions throughout the county and in closing stated that he would appear before them again today.

Upon the motion of Supervisor Gilbert Finch of Amboy the judiciary committee was instructed to report at this session upon the application of Stanley Masters for a blind pension.

**New Election Judge**

Supervisor D. H. Spencer recommended to the board the naming of Sam Pelton as Democratic judge in the fifth precinct, in the place of Barclay Bowler, which action was adopted by the Board.

County Treasurer Sterling D. Schrock appeared before the board at the opening of the afternoon session and explained an action taken by his bonding firm relating to depositing of county funds in banks operating under conservatorships. The Treasurer urged the county board to select banks as county depositories which were open unrestrictedly to prevent the cancellation of his present bond. A representative of a bonding company also addressed the board on the subject and the finance committee was instructed to submit a report at this session of the board.

**Six Banks Named**

At this morning's session six Lee County banks were selected as county depositories through a recommendation of the finance committee as follows: Dixon National Bank, Ashton Bank, Franklin Grove Bank, State Bank of Paw Paw, H. F. Gehant Banking Co. of West Brooklyn and the Farmers State Bank of Sublette.

Chairman Walter Ortigiesen read a telegram to the board from the state department of agriculture urging a campaign against Canada thistles and other noxious weeds in Lee County. The department favored the appointment of a special noxious weeds committee by the chairman from the board membership whose duty it would be to superintend the eradication of these offensive growths. Chairman Ortigiesen stated that he had received many complaints from several townships of the county of the laxity in carrying out the program of eradication of Canada thistles and other noxious weeds. The board adjourned at noon without action.

### SEVERE STORM AGAIN MOVING THRU TROPICS

#### Warnings Issued In Havana And Mexican Cities

**BY THE ASSOCIATED PRESS**

Warnings that a tropical disturbance was moving toward Yucatan, Mexico, through the Gulf of Honduras were issued today in Cuba and Mexico.

The National Observatory in Havana at 2 A. M. announced the storm was about 65 miles from Cayo Obispo and was headed for northeast Yucatan.

A bulletin predicted that strong winds would reach western Pinar Del Rio Province, Cuba, and approach gale intensity at nightfall. Progreso, a port in Yucatan, was closed and storm warnings displayed in anticipation of a storm. Dispatches from points south of that area reported some damage already had been done by 40-mile-an-hour winds.

The Spanish steamer Cristobal Colon delayed its departure from Vera Cruz for Havana and New York.

The Weather Bureau in Washington warned last night that a tropical disturbance was mid-way between San Juan and Bermuda, moving northward or west-northward about 11 miles an hour, with gales and winds of hurricane force probable over a small area.

### Miss Mary Cahill Of Marion Passed Away This Morning

Miss Mary Cahill of Marion township, whose only sister, Nellie, passed away June 22 died at the Amboy hospital at 2 o'clock this morning after a long illness and following a futile operation, performed in an effort to prolong her life. Funeral services will be held Friday morning at St. Mary's Catholic church at Walton and with burial in St. Patrick's cemetery at Amboy.

Miss Cahill was born in Marion township Feb. 14, 1865, the daughter of Mr. and Mrs. James Cahill, and spent her entire life in the community of her birth. She is survived by two brothers Joseph of San Diego, Calif., and Augustus D. of Marion township to whom the sympathy of a large circle of friends is extended.

### Next Wednesday Is Last Day To Sign Ogle Wheat Pacts

Wednesday, September 20, has been set as a final date for receiving applications for wheat acreage adjustment in Ogle County before the announcement of the Control Association organization meeting, according to an announcement by Farm Adviser D. E. Warren, who states that he will be at his office all day September 20 to give assistance to those who have not yet completed their applications.

Every wheat grower in Ogle County who has not already turned in his application is asked to come to Oregon that day to turn in his application to become a member of the Wheat Control Association.

### Local Payrolls Are Increased In Month

A preliminary survey of Dixon industries, conducted this week by the local NRA organization, revealed that approximately 90 workers had been added to local payrolls in the last month and that the payrolls were about \$4,595 larger than last month. These increases are largely attributed to employers' compliance with the NRA agreements.

### Wife Slayer Took Own Life In Cell

Chicago—Fearing a sentence of death in the electric chair, Peter Kowalsky, 42, held for the act slaying of his wife, Lillian 31, and her daughter, Anna Nicholas 9, by a former marriage, hanged himself in the county jail. He made an improvised noose by twisting pillow cases.

### Clamped Tongue Of Four-Year-Old Boy With Clothes Pins, Exposed Him To View Of Little Playmates

Sacramento, Calif., Sept. 13—(AP)—Clothes pins were used to clamp the tongue of 4-year-old Ervin Anderson as a "disciplinary measure," police said, and the boy's foster-mother, Mrs. Eva Anderson, 30, was under arrest today charged with inhuman treatment.

Frank Gessner, juvenile officer, acting on neighbors' complaints, found the boy at the Anderson home Monday sobbing in pain, on top of the Anderson garage.

Gessner said two clamp-type clothes pins had been attached to the child's tongue which was pulled from his mouth. The officer said his tongue was badly swollen and his face and body were bruised.

Mrs. Anderson, Gessner said, told him the treatment was a "disciplinary measure" she had taken to break him of babyhood habits. The officer said she told him she believed "shaming" the child before his playmates would correct the habits.

The boy, with clothes pins on his tongue and his head covered with a pair of pants, neighbors told Gessner, was placed on the sidewalk in front of his home so his playmates could see him.

Mrs. May Wortz of the State Welfare Department ordered the boy and his 8-year-old brother, who were adopted conditionally by the Andersons last November from the Andersons Children's Home Society of Oakland, taken from the couple's custody.

### STATUS OF LAW-MAKER, IN DEBT TO STATE, ISSUE

#### Republicans Will Attack Representative Grigsby At Every Turn

Springfield, Ill., Sept. 13—(AP)—Arguments over the status of Representative Rodmon E. Grigsby, Blandinsville Democrat, will take up much of the time of the Illinois House during the special session which Gov. Horner is to call for October 3.

That Grigsby's right to hold his seat will be challenged by Republican members is probable; that his vote on all highly controversial matters will be challenged is a certainty.

Grigsby, serving his first term, is a gasoline distributor. During the regular session he voted with the administration on all controversial subjects, including the sales tax.

After the regular session adjourned, it was discovered that Grigsby was indebted to the state for gasoline taxes he, as a distributor, had collected but had not turned over to the state. It was also shown that when Grigsby took his seat in the House he gave to (Continued on Page 9)

### JURORS DECIDE BONES THOSE OF HACKLEY CHILD

#### Verdict Writes Finis To Mystery Of His Disappearance

At an inquisition conducted by Coroner Frank M. Barker at the police station this morning, a jury decided that the portions of a human skeleton, together with parts of shoes and clothing which had been taken from the bed of Rock river during the past week were those of F. J. Hackley, Jr., who was accidentally drowned about 5 o'clock in the evening of April 21, 1930. A verdict to this effect was rendered following the taking of considerable testimony.

Louis E. Jacobs, grandfather of the boy and E. M. Graybill, representative of an insurance company in which the boy was insured, testified that they were satisfied that the parts of the skeleton and clothing were those of the small lad. The latter referred to investigations which have been made by the insurance company in which the stories of Louis Emmert and Donald McGowan, who were playing with the Hackley boy at the time of his disappearance, had been corroborated by affidavits of each of recent date.

Dr. Raymond E. Worsley of this city and Dr. Haskel C. Hart of the Dixon state hospital, staff, both decided surgeons, who examined the skull last Thursday morning and C. J. Byrd who found the skull and other bones in the gravel bins on that date, also testified at the inquisition. At the close of the inquest, the portions of the skeleton were turned over to Louis E. Jacobs of this city, grandfather of the boy.

As a result of verdict, the parents of the boy, Mr. and Mrs. F. J. Hackley, who now reside in Washington where they are said to be employed at a state institution, will receive life insurance amounting to \$1,000 which has been withheld for more than three years because of lack of evidence of the actual death of the lad.

### Fall Table Show Of Rabbit Assn. On Next Saturday

The Rock River Rabbit & Fur Breeder Association will hold their fall table show at 8 P. M., Saturday, at 120 East First St., Rockford, Freeport, DeKalb-Ogle associations and a number of guests of the Dixon club. A display of tanned rabbit skins from the C. E. Anderson Rabbit Skin Co. of Chicago will be a feature of the show. Anyone interested in seeing the exhibits is invited to attend. There will be no admission charge.

### Maryland, Minnesota, Colorado Join Parade For Repeal of Dry Law

**Seven More States Required To Wipe Out 18th Amendment**

**BY THE ASSOCIATED PRESS**

Twenty-nine states today marched the repeal path only seven more need follow to end national prohibition.

Maryland, Minnesota and Colorado were the latest recruits. All voted yesterday to abolish the eighteenth amendment and left the score in 1933's balloting: For repeal—29; against—0.

If the seven states now needed to supply the three-quarters of the Union required for repeal are among the ten voting before Nov. 8, the repeal-amendment will be ratified formally on Dec. 6—date of the 36th convention.

The wets carried Maryland overwhelmingly. Past mounting figures put the repeal majority at nearly five to one.

The margins were smaller but substantial in Colorado and Minnesota, home of Andrew J. Volstead who sponsored the prohibition enforcement law. Late counts listed both in the two-to-one class.

**Drys To Carry On**

Prohibitionists promised undiminished efforts to block the trend which on Monday cost them Maine the nation's first bone dry state.

Next week, on Tuesday, Idaho and New Mexico vote on repeal. Two weeks later—Oct. 3—Virginia votes and a week later—Oct. 10—Florida. These four and the balloting until Nov. 7 when six more vote: Kentucky, North Carolina, Ohio, Pennsylvania, South Carolina and Utah.

The list of 29 states which have voted to ratify the twenty-first or repeal amendment today read: Michigan, Wisconsin, Rhode Island, Wyoming, New Jersey, New York, Delaware, Nevada, Illinois, Indiana, Massachusetts, Connecticut, New Hampshire, Iowa, West Virginia, California, Alabama, Arkansas, Tennessee, Oregon, Arizona, Missouri, Texas, Washington, Vermont, Maine, Maryland, Minnesota and Colorado.

**MARYLAND FIVE TO ONE**

Baltimore, Sept. 13—(AP)—Maryland, the sixth state to ratify the eighteenth amendment, today added its name to the list of 25 states in which the electorate previously had expressed the desire to strike out the prohibition statute.

By a margin of nearly five to one in a comparatively light vote, the state yesterday elected 24 delegates to the state convention to be held at Annapolis Oct. 18 to vote solidly for the proposed twenty-first amendment.

With 63 scattered precincts in the counties still missing, the anti-prohibitionists of the state rolled up a plurality of 152,678 votes over the dries and those who were to have gone to the convention without benefit.

### HALF THOUSAND MILK PRODUCERS ON STRIKE TODAY

#### Are From Northern Illinois And Southern Wisconsin Field

Woodstock, Ill., Sept. 13—(AP)—Almost 500 independent milk producers of northern Illinois and southern Wisconsin went on strike today following a meeting here at which it was decided to demand a price of \$2.21 and up a hundred-weight, instead of \$1.75 as paid under the marketing agreement.

Local distributors were expected to continue to make deliveries as usual unless the strike assumes larger proportions, and officials of the Pure Milk Association, numbering 17,000 farmers in its membership, described the strikers as "insurgents" with no connection with the organization.

In addition to a higher price the farmers attending last night's meeting made three other demands: discontinuance of base and surplus system of paying for milk; establishment of a flat price near the cost of production; the classification of milk as a public utility.

Leaders of the strike said peaceful picketing would be resorted to today but that violence had been ruled out. Two hundred of the strikers were appointed to telephone other nearby producers to urge them to join the strike.

**"Tired Of Waiting"**

E. L. Bost of Harvard Ill., president of the Dairy Farmers' Protective Association, addressed the meeting and reported that the attempts of 22 men to interview the Chicago distributors regarding a price increase had been unsuccessful.

"We were promised a raise on July 1," he said. "We haven't had it. I for one am tired of waiting. Secretary of Agriculture Wallace has already said it was up to the farmers to save ourselves. Let's do it!"

Others who spoke included Illinois State Representative Thomas Bolger of McHenry, and Fred A. Whitworth of Kankakee, Ill., Secretary of the United Farmers of Illinois.

Counties in which the striking farmers reside are McHenry, Kane, Boone, Cook, Lake and DeKalb in Illinois, and Kenosha, Racine and Walworth in Wisconsin.

Later Don L. Geyer, Secretary-Manager of the Pure Milk Association, said his organization was in no way connected with the strike and pointed out that negotiations are underway at Washington now for a price increase for milk producers.

### MANY AMERICAN CITIZENS FEAR CUBAN REVOLTS

#### New Threats Are Causing Grave Concern In Larger Places

**By JOHN P. McNIGHT**  
(Copyright, 1933, by The Associated Press)

Havana, Sept. 13—(AP)—Many Americans in Cuba prepared for emergencies today as they watched with growing concern new threats of strikes, a move to train boys as soldiers and the failure of 500 officers to make peace with the new government.

At least a score of Americans were under military protection in Ciego de Avila labor troubles at American-owned manganese mines had endangered their lives. Soldiers had found them barricaded in their homes, fearing an attack by workers.

Across the bay from Santiago de Cuba, in the small Cape Rente settlement, a number of Americans gathered for safety after leaving their homes in interior Oriente province because of unsettled labor conditions.

**Warships Awaited**

Santiago awaited the arrival of American warships as strikes that have tied up sugar mills became more intense.

In Cardenas, on the north coast, American residents packed their baggage so they could board an American coast guard ship if violence should result from unrest among Negroes, who were reported angered because they had not been given help along with other storm victims.

Three training camps have been established to train 2,000 students, many in their teens.

A spokesman, who explained that the boys felt kindly toward the American people for "their assistance" in overthrowing President Gerardo Machado a month ago, said, regarding the purpose of the camps.

**Training Youths**

"We are going to train these students so that the things that happened to us here under the Machado regime cannot happen again. We want them to know military tactics and be trained to protect themselves."

This youth movement began under Machado, gathered momentum under his successor, Carlos Manuel de Cespedes, and finally put Ramon Grau san Martin into the presidency.

Strikes at many points harrassed the administration and the National Confederation of Labor was said to be considering another general strike, like the one that precipitated Machado's downfall.

Hope for American recognition was entertained by the new administration after Secretary Cordell Hull's statement that any government capable of maintaining order and representative of the people's will would be recognized.

**WELLES TO REMAIN**

Washington, Sept. 13—(AP)—Reports of a paralysis of business in some sections of Cuba and of increasing disquiet in other parts led today to an order that Ambassador Welles remain at his post indefinitely.

Secretary Hull said Welles had been holding up exceedingly well under the strain of his unusual duties, and that because "complications" plans for the Ambassador to return home this week or next had been abandoned.

Welles was praised by the Secretary of State as having performed his duties admirably. There now are no present plans for the Ambassador's return.

Reports to the State Department were that no business was being conducted in Cienfuegos, although on actual disorder existed in Santiago, he added, students had taken charge of the local government, with soldiers taking orders from them.

The Secretary listed reports from Antilla and Camaguey that strikes had been threatened by transportation facility employees, and that what he termed Communist activities had been widespread at Matanzas.

Natives of Darfur, west of the Sudan, store water in hollow trees against drought.

**SHOT CARRIER PIGEON**

### Rapscallion's Prank Puts Police Force Of New York City On Spot Before Today's Big NRA Parading

New York, Sept. 13—(AP)—Some rapscallion ran a banner up the Liberty flagpole near the City Hall during the night, creating a two-hour controversy and causing Patrolman William Engelhardt to skin his shins.

The banner was salmon colored and carried an inscription which persons below could not see distinctly.

"It says 'NIRA,'" declared police-men who came to the spot—which a window of Mayor O'Brien's office overlooks. "It has to do with today's celebration."

"With all due respect, and that sort of thing, officer, said a civilian flag-raiser, 'you are cock-eyed. The word you think is 'Nira' is 'Cuba.'"

**Lindbergh Makes Self Strong With Swedish Aviators**

Stockholm, Sweden, Sept. 13—(AP)—Increased admiration for Colonel Charles A. Lindbergh was expressed by Sweden aviators today after he had tested a Swedish Army plane in a variety of ways, including loops and spins.

The machine was one over which aviation circles have divergent opinions and the Colonel's daring was admired all the more because of its challenged worth.

The plane in which Colonel and Mrs. Lindbergh made a route survey over the North Atlantic before coming here was refueled for a 20-hour flight, leading to the belief they may leave shortly.

### EXPRESS MONEY ROBBERS HELD UP WIS. BANK

#### Escaped With \$46,000 In Amery, Wis. Robbery Today

Amery, Wis., Sept. 13—(AP)—Four bandits, believed to be the men who hid a money chest stolen in St. Paul near Hayward, Wis., yesterday, robbed the Union State Bank of Amery of \$46,000 in cash and securities today.

The loot included between \$11,000 and \$12,000 in cash and approximately \$35,000 in securities, most of them negotiable. The raiders hid in the bank last night and overpowered two employees when they reported for work this morning.

The summer drive the same make of automobile that was used in hauling the money chest taken in a raid on the St. Paul Railway Express Agency Monday.

This and other angles, including the fact that Amery is only about 80 miles from the Wisconsin woods place where the chest was abandoned yesterday, lead authorities to believe the same gang was responsible for both crimes.

Melvin Passolt, Chief of the Minnesota Crime Bureau said: "There are strong indications that one mob did both of these jobs."

### STRIKE BLOCKS NRA PROGRESS IN MANY POINTS

#### Strikes And Threatened Walkouts Worry Administration

**By The Associated Press**

Industrial strife tore several industries in Pennsylvania, New York and New Jersey today.

Pennsylvania authorities viewed with apprehension preparations for a general bituminous mine "holiday." Ten thousand soft coal miners in five counties of southwestern Pennsylvania already have quit their jobs in protest against delay in signing an NRA code for coal.

The National Labor Board was expected to make immediate efforts to settle strikes involving between 50,000 and 60,000 workers in the Pennsylvania silk industry. Public hearings on a code have been in progress. Meanwhile four Allegheny rayon mills announced they would reopen immediately at the request of striking employees.

A walkout struck a gastronomical blow at Philadelphia and Camden, N. J., when employees of Linton's restaurants were summoned to strike today. Union officials said 1,000 workers were affected. The demands include higher wages and shorter hours.

Twenty thousand silk dyers still are out in north New Jersey in a drive for a 30-hour week and a minimum wage of 60 to 65 cents an hour.

Strikes in New York spread yesterday to 25,000 underwear workers in 500 shops, and 3,000 cleaners and dyers, union officials announced.

### Will Bury Officer And Wife At West Point's Cemetery

Watervliet, N. Y., Sept. 13—(AP)—The bodies of Major Charles A. Schimmelfennig, former Commandant at Watervliet arsenal, and Mrs. Schimmelfennig, lay in state today at the arsenal.

The couple were run down and killed Sunday night by an automobile driven by a student for the priesthood.

Tomorrow there will be a military funeral and the bodies will be taken to the cemetery at West Point for burial.

Roland E. Thompson of Troy student at Niagara University, was found at the investigation to have been operating his automobile at moderate speed when it struck the couple. They were walking on a dark road.

**SHOT CARRIER PIGEON**

E. L. Kerst of this city reported today having shot a carrier pigeon yesterday afternoon while hunting doves three miles south of Ashton. The bird bore an aluminum leg band which bore the following markings: AU 33, Chicago, 5-7863.

**Cops Into Huddle**

The police went into a conference from which emerged Officer Engelhardt. He climbed to the top of the pole—80 feet, and none too substantial, either—and came down with the banner, and some skin off his shins.

In neatly painted letters the banner, (which apparently had been hoisted by some person with a penchant for telling other people what to do), carried this sentence: "Hands off Cuba!"

A policeman scratched his head. "Anyway," he said, "Cuba" looks a lot like "Nira."

"Oh, sure," said the citizen. "And hands off is almost an alphabetical deadweight for having a good time, wish you think is 'Nira' is 'Cuba.'"

### CITY NATIONAL'S PATRONS TO AID BANK TO REOPEN

#### Business Men Are Taking Hand In Furthering Program

The City National Bank was the scene of gratifying activity today as bank officials, assisted by a committee of Dixon businessmen headed by Louis Pitcher, commenced a campaign to sign up wavers and take stock subscriptions which will permit the bank to open soon for complete transaction of banking business. The bank has been operating on a restricted basis under a conservator since the national bank moratorium in March.

Yesterday the bank received from the Comptroller of the Currency in Washington permission to reorganize and open under a plan that has been evolved by the government officials—plan that gives the fullest protection to depositors and stockholders.

**To Release \$1,000,000**

When the requirements of the Treasury Department are complied with and the bank is opened, it will release \$1,000,000 to its depositors and will be a great stimulant to prosperity in this community. The officials of the bank have striven ceaselessly to arrive at a plan of re-opening and the present arrangement is a happy culmination of their efforts.

In order to open the bank it is necessary to secure forty-five per cent waivers from the depositors. The total release fifty-five per cent of all deposits of all restrictions. The forty-five per cent waived will be released as the assets of the old bank are liquidated.

**Being Reorganized**

The bank is being re-organized and one hundred and twenty thousand dollars worth of new stock will be issued. The old stockholders will take half of this issue, amounting to \$60,000 and the other \$60,000 will be taken up by depositors. The new bank, which will be known as the City National Bank in Dixon instead of the City National Bank of Dixon, will have a capital of \$100,000 and surplus of \$20,000, with deposits of approximately \$1,200,000.

The campaign for waivers and stock subscriptions is meeting with highly gratifying success and there is a splendid spirit of cooperation and an enthusiastic demonstration of confidence among the depositors and stockholders.

### LEGAL PROGRAM FOR ASSEMBLY CONTEMPLATED

#### Two Special Sessions Of Legislature Are Thought Likely

Springfield, Ill., Sept. 13—(AP)—Worked out details have not been outlined, Governor Horner today said a special session of the Illinois legislature would be called for October 3 to raise unemployment relief funds and a second session probably would be necessary to consider liquor control and other emergency matters.

Upon his return from conferences at Washington and Chicago on the relief issue, the Governor said it had not been fully determined how the call for the October 3 special session would be drafted.

There is a probability that housing-slum eradication legislation asked by federal officials will be included in the October 3 call.

The second session will be necessary if, as now seems certain, the state liquor commission will not be ready for some time to make its recommendations for taxing and regulation of hard liquor after the anticipated repeal of prohibition.

Numerous other subjects are under consideration for inclusion in the call for the second special session.

The Governor said that in 18 months \$95,000,000 has been spent in Illinois for unemployment relief, not counting private charity. Of the total, \$67,000,000 was furnished by the federal government.

Horner said that full cooperation from federal officials is assured if the state does its part. He has promised the special session so that a \$30,000 bond issue can be voted.

The plan is for the Federal Relief Administration to provide Illinois with \$3,400,000 during September and \$2,400,000 during October. The state sales tax is expected to provide enough revenue to make \$5,000,000 available each month.

### Clammers Rushing To Wisconsin Bed

Clammers from as far south as Mississippi and Arkansas are trekking north to the twenty-three miles of newly opened clam beds on Rock river between Beloit and Janesville, Wis. The ban was lifted in that section for the first time in fourteen years. All kinds of makeshift transportation is pressed into service in the rush to get north. The season closes about the middle of November. Shells are selling during the summer from \$4 to \$55 a ton.

Olives contain 24 per cent of oil; the avocado, or alligator pear, contains 12 per cent.

## 'LADY LOU' SCORES IN THE RUFF

The Mae West (or Lady Lou, as the French call it) touch is seen in even the high-styled fashions this autumn. To accompany a handsome black velvet dress, Suzanne Talbot creates some glamorous long black velvet gloves with ruffs of black ostrich around their tops. She adds a ruff of the black ostrich to muffle the throat. And the chic little black high-hat has a touch of black ostrich in the shape of a pom-pom in the back.

### Prepare for Your Next Permanent

Preparation is as important as the permanent itself. No one should plan to get a new permanent without first getting the hair and scalp in a healthy condition. Healthy hair "takes" a much better wave and the ends are less apt to split from the intense heat.

If you are planning to get a new fall permanent, make sure that your hair isn't too dry. If it is, give yourself a month to get it into shape before you make your appointment.

Hot oil shampoos are always a help to hair that is dry or lifeless. You can give them to yourself in your own home.

Oiling the scalp after each shampoo is another excellent home treatment. When your hair is entirely dry, part it into tiny parts all over your head and rub a little white vaseline into your scalp. Be careful not to get it on your clean hair—the scalp will absorb it all if you don't use too much.

Massaging and brushing are absolutely necessary to a healthy scalp. Put your head in your hands, resting your elbows on a table. Then move your scalp with your hands. Try not to move your hands. Do it for ten minutes each night and then brush your hair.

### To Choose Equestrian Queen Saturday

The pairfays are ready and waiting while the fair equestriennes are in a state of feverish excitement as to the fit of their riding habits, and the kind of weather for Saturday and Sunday.

This quite momentous to be an entrant in a saddle horse competitive show but to be crowned Queen of the event is quite beyond anyone's imagination.

It is to be the public's privilege to choose the Equestrian Queen on Saturday afternoon, when the public shall see if a charming matron or captivating maid is the favored horsewoman.

All voting will be done by number, thus saving any embarrassment that might arise.

The loving couple donated by W. E. Trein will be presented the second afternoon with all due ceremony.

Dame Rumor has it that a young Lockinvar may come out of the west to put a final romantic touch to this festival.

## OUR SCHOOLS DEMAND SERIOUS THOUGHT.

As some millions of school children all over the United States are getting themselves squared away for the coming year, their fathers and mothers might profitably spend a little time in meditation about the present plight of the entire school system.

Few public services have felt the depression more than the schools. Teachers have gone unpaid, school activities have been cut down, some schools have been forced to extend their holiday periods, others have had to close entirely, nearly all have had to drop certain courses and consolidate a number of activities.

Not is that the worst. While all of this has been happening, there has been developing an influential and vocal group which has insisted that the schools have been getting more than their share of tax revenues even in good times. We are being told that our school system is far more elaborate and more expensive than it need be. It is being argued not only that the school budget must be drastically reduced during the depression, but that the reductions must be permanent.

Anyone who has ever paid taxes will admit that the schools have been costly. It is probably true that many school executives have become a bit self-important in their claims for tax support. Some schools have tried to include too many things in their curricula.

Nevertheless, admitting that there has been extravagance and a lack of judgment in many school boards, one far more important fact remains unchanged. It is simply this: our whole society is built up around the public school system, and any drastic change in the school system must have far-reaching effects on the entire nation.

We are committed to a political democracy, and we are now trying to broaden it to make it an industrial democracy as well. To make a go of it we must have a body of citizens whose minds have been given all the training, all the enlightenment, which they can assimilate. The system cannot work otherwise.

Before we consent to permanent reductions in our public school services, we must do some very careful thinking.

## LIVERPOOL CLEANS HOUSE

It is extremely interesting to read that the city of Liverpool, in England, is about to spend around \$35,000,000 to rebuild its slums.

Nearly 13,000 ancient and unsanitary houses are to be demolished and 16,000 new ones are to be built in their place, to provide homes for some 40,000 people.

Liverpool's slums have had an unenviable reputation for many years. If they have not been the worst in England they have been very close to it; and the vice, illness, crime and general bad citizenship which they have bred have cost Liverpool many times the sum which is now to be spent on slum abolition. Liverpool's willingness to spend money on that scale in a time of depression might be a useful object lesson for a number of cities on this side of the Atlantic.

## THE QUALITY OF MERCY.

The existence in the ordinary human heart of a soft spot for any living creature which is in a bad jam was never better demonstrated than in the elaborate efforts which were made to rescue that venturesome deer which got itself isolated on a mountain ledge at Watkins Glen, N. Y.

Ordinarily sportsmen head for the woods to shoot deer. They spend lots of money on the attempt, take a great deal of trouble, walk their legs off—and, occasionally, shoot one another by mistake.

But one lone deer, scrambling along a mountainside and getting itself hung up high and dry at the edge of a cliff, can cause men to make arduous and expensive attempts to rescue it—just because it is so utterly helpless.

Running through the woods, that same deer would get shot by the first armed man that came along. Stranded on a mountain, it becomes the object of genuine sympathy.

Federal employees have been faced with the tragic anomaly of their employer straining every resource to improve conditions of wage earners, while at the same time perpetrating on them injustices which it was the first to condemn in private employers.—Luther Steward, president of the National Federation of Federal Employees.

War apart, the gifts of science and invention have done little to increase opportunities for the display of the more serious of men's irrational impulses. — Sir Frederick G. Hopkins, president of the British Association for the Advancement of Science.

The fat and lean years of every nation have always been dependent on wheat.—Frederick E. Murphy, U. S. delegate to London wheat conference.

It is not a crime but an honor to be a capitalist. There is nothing un-Christian about it.—Rev. Charles E. Coughlin of Detroit.

I don't want a job, and I wouldn't work if I had one.—Clarence Darrow.

## THE TWYMITES

(READ THE STORY, THEN COLOR THE PICTURE)

"What's in that box?" we Goody cried. "I wish that we could peek inside. I never heard such shouting. Shall we pull that small hook free?"

"Of course if we find we have done a foolish thing, we all can run. I'm kinda scared, but also, I'm as curious as can be."

"Hey, wait a minute," Duncy said. "We'd best take to our heels, instead. Why should we look for trouble? That is likely what will come."

"Of course, if you are foolish, you can do whatever you want to do, but as for me, I'll have no hand in it. I'm not so dumb."

Then Goody shouted, "Oh, be still. Here's where we get another thrill. I'll open up the box right now. I'm not one bit afraid."

"The voice that's coming from inside makes shivers run all over my hide. I'll know, in just a minute, if a big mistake I've made."

He walked up to the box and then

scared little Duncy yelled again. "Gee, wait until I climb a tree. I'll promptly hide from sight."

"If something hops out to the ground to chase us, I'll be safe and sound. The rest of you get set to run, so you will be all right."

And then the lid was opened wide. A parrot popped out from inside. "I'm free! I'm free!" it shouted. "Thank you kindly, little boys."

"One of the Pet Land pets, you see, came out and played a trick on me. Of course it made me real mad. That's why I made so much noise."

"Now that you've rescued me, I'll do a kindly turn for all of you. I'll take you right to Pet Land where some nice pets you will find."

And so the Twymites started out. Then suddenly they heard a shout. It came from Duncy in the tree. "Hey, don't leave me behind."

(The Twymites reach Pet Land in the next story.)

beautifully baked flaky patties with no meat inside—all about nothing at all; nothing important."

So the duel ended, but one listener feels that it is in passing from an ignorant faith to an unbelieved knowledge that youth has gone astray and lost its way.

## TOXIC GOITER

The term goiter is used to describe the condition in which the thyroid gland is abnormally enlarged. Goiter may be simple or toxic. When toxic the patient suffers the

"poisoning" effects of the over-functioning thyroid. These toxic effects are witnessed in an increased metabolism, that is, an abnormally rapid burning up of the body's fuel, which is associated with rapid pulse, elevation in blood pressure, nervousness, irritability, tremors and at times with a peculiar bulging of the eyes.

Toxic goiter has been described as being due to a thyroid which has run wild. The mechanism of this "running wild" has been described. The thyroid gland when stimulated normally responds by increased activity and sometimes by an increase in size. When this stimulation is withdrawn, the thyroid normally returns to its former state.

Sometimes, however, because of the nature of the stimuli and because of certain as yet undefined constitutional peculiarities, the thyroid after having been stimulated fails to return to normal. Such failure to return to normal may give rise to toxic goiter.

Among the stimuli which effect the thyroid are those arising from the sex organs, infections, faulty diets and iodine deficiency. Psychic disturbances also play a prominent role in the causation of toxic goiter. Especially potent are psychic disturbances associated with marital and sexual difficulties.

It is for this reason that rest is so important an item in the treatment of toxic goiter. To be effective, however, the rest must be physiological, psychological as well as physical.

Quite frequently, however, toxic goiter does not fully yield to the rest cure. Then other measures must be applied.

By surgery we can remove portions of the thyroid gland and by x-ray and radium we may lessen its activity. Whichever is the preferable method must be determined on the basis of careful study.

## JORDAN NEWS

By Douglas Deyo

Jordan — A crowd of over 200 people gathered at the Talbott school on Labor Day for the first homecoming event, which is to be made an annual affair. Mrs. Alice Sammens was nominated as president and Mrs. Belle Talbott McDowell was elected vice president and secretary. There were three generations of scholars that attended the first school. The building was saved by Grandfather James Talbott of hard wood, in 1850, over a mile from where the school house was built, and now the third school house stands on the same ground. Only a few of the first scholars survive, among them are: Gus Warner, Alfred Roberts of Freeport; Emanuel Jacob of Sterling; Irving S. Finkle of Marshalltown, Iowa, and George Warhime and Douglas Deyo of Jordan. They attended the school in 1857. The table was set at noon and a glorious dinner was served. Scholars attended from Milledgeville, Sterling and Polo. The oldest scholar, Alfred Roberts was from Freeport. The first teacher was Caroline Hunter Delp, who

now resides in California. She is very feeble and nearly blind and was unable to attend the event. Mrs. Nellie Taylor Todd of Milledgeville, was present as one of the early students. The next homecoming celebration will be held Labor Day, 1934.

J. C. Smith and Douglas Deyo spent Wednesday at the Ben Smith home east of Walton.

Carl Brown and family attended the Morrison fair Friday.

James Hacker hulled his clover Friday afternoon.

Bert Schryver attended the fair in Chicago, Thursday.

Gus Warner spent from Friday until Monday at the home of Mr. and Mrs. John Ziegler near Sterling.

George Fields was a caller at the Douglas Deyo home Friday forenoon.

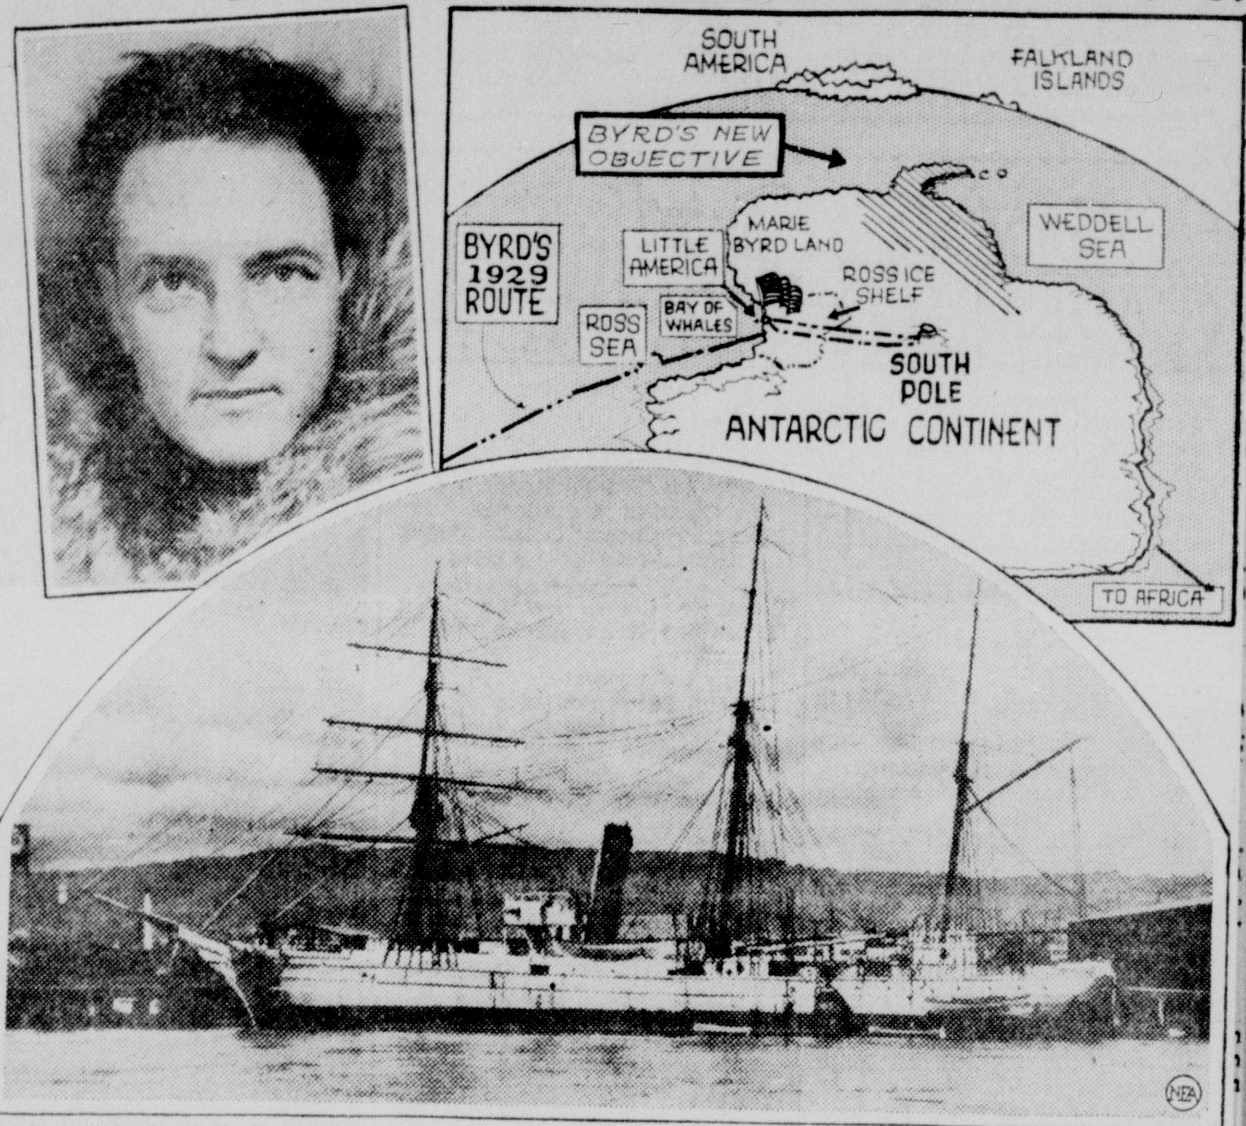

Howard Fuller spent Thursday evening in Polo.

Mr. and Mrs. Clifford Alexander and son Billy, and Mrs. Annie Alexander of Thompson spent the week end at the home of Walter Knox.

Miss Ann Goldthorpe left last Thursday for International, Minn., where she will teach this term.

M. E. Church

Dr. E. Stanley Jones

dian leaders of thought and life.

Dr. Jones was born in Clarksville, Maryland, and received his education in the City College, Baltimore and in Asbury College. He has been a missionary of the Methodist Episcopal Church since 1907, when he arrived in Lucknow to become pastor of the English church in that city. For some years he served as pastor, superintendent, and school principal in Sitapur, and in 1917 was appointed evangelist-at-large for the North India Annual Conference. Since that year he has been continuously engaged in evangelistic work. He has three times refused to be elected a bishop of the Methodist Episcopal church, preferring to carry on his unique ministry to Asia.

### Illegal Still Is Under Blue Eagle

McDonough, Ga., Sept. 12.—(AP)—A double still bearing the blue eagle and the slogan, "We do our part," has been discovered by Sheriff L. D. Hightower in Henry county.

After being in ambush, where he watched sales consumed, the officer and a deputy surprised the four operators. Before any arrests could be made the operators abandoned their eagle, two 60-gallon distilleries, five barrels of beer and twelve and one-half gallons of whiskey.

### Science Finds That Bible Is Correct

Pueblo, Colo.—Science has proved a Biblical theory.

Clarence R. Studinski, assistant city engineer, has completed a graph showing the weather cycles in the vicinity of Pueblo for a period of 50 years.

The graph was prepared from local weather records kept over that period by the bureau here. It proves that, in Pueblo, at least, the weather runs to seven-year cycles—as told in the Bible, written long before there were any weather men.

The graph revealed some unusual facts. July, usually thought of as a dry, hot month, is the wettest. August is next. January is the driest month and November the second.

The month of the great flood at Pueblo, June, 1921, a total of 7.14 inches of rain fell here.

Studinski's figures show that droughts occur at regular periods, and on the basis of his graph, he believes 1933 will be a very dry year.

## COMEDY DRAMA, 'NEW BROOMS' ON FINAL WLS BILL

Will Close Popular Entertainment At Assembly Park

"New Brooms," one of the funniest plays ever written, will be presented tonight at the Assembly Park Auditorium by the WLS Community Players. The hour is 7:30 and the occasion the closing program of the three-day festival, sponsored by the Dixon Loyalty League as a benefit for the Community Kitchen.

The cast of "New Brooms" is made up of well known radio players, who have appeared many times in one act plays on the WLS "Home Makers Hour." It is headed by Arthur MacMurray, veteran character actor and director. Mr. MacMurray was for years head of the department of speech at Iowa State College, Ames, Ia. Later he occupied the same chair at the University of Kansas. He has had a long experience as an actor and director and has appeared in many of the notable successes of the theatre.

"New Brooms" is in four acts. It is packed with laughs from beginning to end, contains a beautiful love story and leaves a worthwhile message. It was written and originally acted by Frank Craven and tells the humorous story of a grouchy father, Thomas Bates and his just-home-from-college son, Tom, Jr. The featured feminine player is Jackson Perkins from the Goodman Theatre, Chicago. Jackson isn't a stage name, either. Miss Perkins is beautiful and talented, and provides with Tom Jr., the love interest. Arthur MacMurray, as Bates, Sr., has some of the funniest lines and situations and makes the most of them.

In order that there may be no between-act waits, "Skyland Scotty" Wiseman, one of the finest of the mountain song singers and a WLS favorite, both in and out of the studio, will sing and strum his guitar during intermissions. He will also tell how he obtained some of the old, almost forgotten songs, which had never been written down until he attempted it.

Because of the fact that few plays are being offered today in the average town or city, "New Brooms" everywhere has been attracting the largest audiences of the WLS Festival. This will undoubtedly hold true here, also, and ticket holders are urged to arrive early in order to obtain good seats.

### NELSON NEWS

By Mrs. W. Thompson  
NELSON—Mr. and Mrs. Wilford Cossman and son, Mrs. George Onken and Miss Frances Thompson motored to Grand Detour Sunday where they helped Mrs. Gerald Berry celebrate her birthday.

"Proud and glad

WITH President Roosevelt's acceptance of the NRA Automobile Code, Chevrolet, the world's largest builder of motor cars, officially begins operations in accordance with the administration's recovery program.

Although the official code was signed only a few days ago, it will be of interest to Chevrolet's many friends to learn that the Chevrolet Motor Company started to carry out the spirit of today's recovery program over three years ago!

At that time, we put into operation a "share-the-work" plan, whereby our workmen cooperated in spreading the work to give more men jobs. By means of this plan, as well as by regulating hours of work per week to meet retail demand, and by building up parts stocks in lean seasons, it was possible to carry 33,000 men on our payroll through the depression. For eleven months of each year since 1929, we have kept our employment within 10 percent of this average. We are justly proud of that record. We are also proud to say that Chevrolet workmen did not, at any time during the depression, become a burden on public welfare departments.

On August 1st of this year, Chevrolet announced a blanket wage increase as well as the adoption of a 7½-hour, 5-day week and the employment of 12,000 additional men. This wage increase was the second in the last 4 months, Chevrolet having been among the first to put a blanket wage increase into effect.

We feel that the President's recovery program deserves the whole-hearted support of every citizen and manufacturer in America. It is a bold, swift, courageous plan to start the ball rolling toward economic recovery. Its sincerity is unquestioned. Its objectives are admirable. And the direct, forceful steps the President and his associates are taking to make it a success, should stir the pride and admiration of every American.

We are proud and glad to do our part. And we are deeply grateful to the American people for the patronage that has enabled us to anticipate the present recovery program and to play our part today. After all, the immense number of men employed by Chevrolet is a direct result of the continued preference America has shown for Chevrolet.

## ROSS CONVINCED BIG TOWN HE IS MASTER OF TONY

Chicago Boy Retained His  
Title In New  
York Battle

By GAYLE TALBOT  
(Associated Press Sports Writer.)  
New York, Sept. 13.—(AP)—The big town, the toughest in the world to convince, was ready today to admit Barney Ross of Chicago to the ranks of the world's ring champions.

Out of one of the most savage, gruelling fights ever seen in a local ring, the Jewish battler from the middle west emerged with his second victory over the veteran Tony Canzoneri, from whom he won the lightweight title less than three months ago.

With 40,000 looking on at the Polo Grounds last night, most of them pulling fervently for Canzoneri to turn the tables on the former amateur champion and reclaim his crown, Ross withstood Tony's early rushes, caught up with him midway of the fight and beat him all over the ring before it was over.

**Referee Decided**  
As in their first scrap at Chicago, it was so close it required the vote of the referee to reach a decision. Arthur Donovan, who was in there with them, cast his ballot for Ross after the judges had split.

Harold Barnes, one of the arbiters, gave the Chicago boy nine rounds, Canzoneri two and called four even. The other judge, George Kelly, awarded Canzoneri eight and Ross seven. Donovan gave Ross eight rounds, Canzoneri four and adjudged three even.

"My money goes on Tony any time he fights anybody else," said Ross in the dressing room. "But I'll give him another fight, any time, anywhere, either in his home town or mine. I thought I was ahead all the way, just as I did in our first fight."

**Tony Lost Bet**  
Canzoneri, who had been so confident of regaining his title that he bet several thousand dollars on himself, was the most dejected man in New York.

"I thought I was out in front," he declared. "I felt strong all the way, but toward the last I couldn't seem to get untracked. I thought I was winning."

The big crowd, which paid a gross of \$114,000 to watch the two little fellows pour gloves into each other, received the verdict with mixed emotions. Boos and cheers were almost equally mingled.

Tony's flashier style evidently made him look like the winner to the thousands of patrons clustered in the outer stands, but those closer to the ringside could appreciate the terrific body punishment dealt out by Ross in the last six or seven rounds.

**Face Was Terrific**  
Neither ever was in danger of a knockout, despite the terrific pace they set and the many furious exchanges. Ross admitted he was dizzy for a moment both in the ninth and eleventh rounds, when Tony caught him flush on the jaw with left hooks, but he recovered quickly and from there on evaded the Italian boy's left like poison.

Canzoneri clearly intended to end the fight quickly with a knockout. He sailed into Ross in the opening round with both hands pumping away to the head. But Barney met him with a two-fisted attack that set him back on his heels. Tony gave up the knockout idea then and there, and the rest of the way was content to try to outbox his slightly taller rival.

## CHICAGO'S CUBS MARCH TO LAST DITCH THIS P. M.

They Must Take Six-Game  
Series To Remain  
In Picture

By HUGH S. FULLERTON, JR.  
Associated Press Sports Writer  
The Chicago Cubs marched into the National League pennant picture today to start a six-game series with the New York Giants that was labeled a "last ditch" affair.

Starting from a second place tie, 7 1-2 games behind the Giants, the Cubs were rated as the only team that had any real chance of beating out the leaders.

New York's closing game at Cincinnati was wiped out by threatening weather and it is unlikely that it will be played unless it is necessary to decide the championship. With that and another game gone where they can't be added to the Giants' losing column, the Cubs were faced with the necessity of winning all six games, or at the worst five out of six, to get into a threatening position. The Giants now need to win only half their remaining 18 games to clinch the flag regardless of what the other teams do.

**Tuned Up With Win**  
As a tune-up for the critical series the Cubs hung a neat 2 to 0 trimming on the Phillies yesterday for their 50th victory in 66 home games this season. Lonnie Warneke kept the Phils in complete subjection, giving up only six hits and never allowed a runner to touch third. Young Adolph Camilli, fresh from the Pacific Coast League, walloped a triple with Frank Demaree on base and scored on Gabby Hartnett's fly to account for both Chicago runs.

It was the second time in his four-day major league career that Camilli had provided the winning blow for the Cubs. He did it with a homer in Sunday's second game.

Pittsburgh's Pirates, who direct attack on the leaders failed last week, moved back into a second place tie by taking two shutout decisions from the Brooklyn Dodgers. Heinie Meine and Waite Hoyt held the Dodgers to nine hits to win a pair of mound duels, 1 to 0 and 2 to 0. Hollis Thurston and Rookie Emil Leonard were the losers.

The Boston and St. Louis Nationals had an open date.

**In American League**  
The New York Yankees again clipped a game off Washington's American League lead without frightening the Senators badly. The Yankees downed the Detroit Tigers 5-3 as the ex-Detroiters, George Uhle, stopped all the Tigers except Gerald Walker, who knocked in

all three runs. Another Walker, Dixie of the Yanks, provided the winning tallies with his 13th homer. Cleveland and young Monte Pearson got the better of Washington and "General" Al Crowder by a 3 to 1 count. Pearson gave only four hits while Crowder granted five, including a homer by Odell Hale.

The St. Louis Browns continued their efforts to get out of the cellar by trimming the seventh place Boston Red Sox for the third straight time, 4 to 1, behind the six-hit flinging of Dick Coffman. The Chicago White Sox and Philadelphia Athletics were rained out.

## Dempsey Returned To Fistic Battle Same Old Outcome

San Bernardino, Cal., Sept. 13.—(AP)—Jack Dempsey, former heavyweight champion, returned to fistic battle last night and knock out Leslie Grimes, a lightweight wrestler of Australia. Dempsey, serving as referee in

an exhibition between Grimes and Frankie Schroll, Fresno, shoved the Australian aside as the two wrestlers sought to slug it out rather than wrestle.  
Grimes, angered, swung at Dempsey. The former champion blocked the wrestler's swing with his left and crossed with his right. Grimes hit the canvas, but cold Dempsey helped him to his corner and called the wrestling match a draw.

## GREEN WILDCATS HOPE OF HANLEY AT METHODIST U.

But Win, Lose, Draw,  
Coach Dick Is On  
Top Of World

By PAUL MICKELSON  
Associated Press Sports Writer  
Evanston, Ill., Sept. 13.—(AP)—Win, lose or draw, Coach Dick Hanley sits on top of the college football world.

He's the idol of Northwestern and if he doesn't deliver a football championship or if his teams have a miserable season, the Wildcats along Chicago's northshore are convinced no one could have done better. Since Dick has been at the coaching helm even the famous "drug store" coaches of yesterday have joined the cheering section.

Back for his seventh season as Northwestern's coach, the square shouldered leader of the Wildcats is in a great spot this fall. His team is green, composed mostly of sophomores; the students don't expect too much and the possibilities are that the Northwestern team will be the big stumbling blocks of the Big Ten football championship race.

**Sees Improvement**

"We've got a green team," Dick grinned, "but it's going to get better as the season rolls along. No, I don't think we've got a chance for the title as there are too many holes to fill with sophomores, but they'll hear from us right along all season. Thirteen lettermen, including seven of the 1932 regulars, will be missing. Our principal problems will be in the backfield where we must replace 'Pug' Bentner at right half and George Potter at quarterback and at the tackle, guard and center positions along the line. But we've got a real bunch of hustlers, green but crazy to play football."

A survey of the line indicates the Wildcats will have a heavier and faster but far less experienced forward wall than 1932, a disappointing season to Hanley, Bill Riley and Joe Chambers, a pair of 215 pounders, will be at the tackle positions, two important post sin Hanley's scheme of offense. Other regulars along the front line will be Al Kawal and Edgar Manske, end. All other posts must be filled by new men. Ollie Olson, one of the best kickers to boot the pigskin in Big Ten warfare, will return to the fullback post, with Jackie Sullivan, a fine open field runner, at halfback. The rest of the backfield must be recruited from a large group of sophomores.

**Has Hard Schedule**  
In addition to battles against Notre Dame and Stanford, Northwestern will meet six Big Ten foes, all of them at Evanston except Ohio State. The campaign is probably the hardest ever undertaken under the Hanley regime. The schedule:

Sept. 30—Iowa at Soldier Field (Chicago).

Oct. 14—Stanford at Soldier Field.

Oct. 21—Indiana at Evanston.

Oct. 28—Ohio State at Columbus.

Nov. 4—Minnesota at Evanston.

Nov. 18—Notre Dame at Evanston.

Nov. 25—Michigan at Evanston.

## DEMOCRATS IN CONGRESS WANT JOBS FOR AIDES

### Protest Loudly That Republicans Are Kept On Jobs

Washington, Sept. 13.—(AP)—Patronage that trouble zone of politics, produced in the Capitol today rumbles of Democratic unrest that resounded even above the intensity of President Roosevelt's recovery drive.

A group of party stalwarts in the Senate was reported to have sponsored a round-robin to the Chief Executive asking jobs for old-line Democrats. These Senators protested the appointment of Republicans—particularly by Secretaries Ickes, Wallace and Perkins.

At the other end of the Capitol, Speaker Henry T. Rainey blamed the "old Republican set-up" in the arm Credit Administration for failure to give the farmers "adequate" mortgage relief.

The senatorial round-robin could not be located, but among its signers was a report that letter on the same subject had gone to the White House from Senator Key Pittman of Nevada, the Senate's president pro-tempore and Foreign Relations committee chairman.

This communication further was reported to say that the three cabinet officers "have resented by approaches." It was said to observe also:

**Speaker Joins In**  
"If a Democrat is named for office, it involves political corruption. If a Republican is named, in their minds it is an indication of high-minded non-partisanship."

Rainey, who dictated a statement upon returning to his office yesterday, said "every key man in the old Republican organization has been retained" by the credit administration.

"I am not insisting on a Democratic set-up," the speaker said. "But I am protesting against Republican control."

## FRUITS FOR HEALTH

ASK any doctor, and he will tell you that fruits are a fine, healthy food. They taste good and stimulate the appetite, and they are dietetically important as sources of mineral elements and vitamins. The eating of fruits is health insurance of the best kind.

You have doubtless been insuring your health lavishly in this way all summer, and perhaps you are a little tired of the fruits that are obtainable in your part of the country. In that case, here is a hint which will not only give a new zest to your fruit eating, but will prove a real economy as well.

### Combine Fresh and Canned

Canned fruits are preserved in such gigantic quantities that they can be sold comparatively inexpensively. If you combine canned fruits with fresh, you immediately increase the number of the fruits which you can serve from the comparatively limited varieties which can be obtained in your neighborhood to fruits not only from all parts of this country but to delicious fruits from tropical lands as well.

The fruits put up in cans comprise apples, apricots, blackberries, blueberries, cherries, coconut, cranberries, currants, figs, gooseberries, grapes, grapefruit, loganberries, peaches, pears, pineapples, plums, prunes, quince.

raisins, raspberries, rhubarb and strawberries—many of these in several different forms such as crushed, diced, sliced, whole and in halves, and also in different combinations such as fruit cocktail, fruits for salad and wine fruit salad, and there are also the juices of grapes, grapefruit and pineapples in cans.

### How to Do It

This gives some conception of the great variety of fruits in cans ready to combine with fresh fruits, or to eat by themselves, but the interesting part is to know how these combinations are made. Here are some recipes to show how to do it.

**Compote of Pears and Apples:** Pare two large cooking apples, core them and cut them into eighths. Add one and one-third cups water and one cup sugar to the syrup from a No. 2 can of pears, add a few cloves, and boil for three or four minutes. Add apples and simmer gently until tender but still in perfect shape. Remove apples and add the pears, whole or cut in halves, and cook until very soft and the syrup becomes somewhat thickened. Remove pears to dish with apples and strain syrup over. Chill. Serves eight.

**Baked Apples Stuffed with Peaches:** Core eight baking apples and place in a baking dish. Fill

cavities with sliced peaches from a No. 2 can and as much sugar as they will hold. (You will need one-half cup in all.) Sprinkle rest of sugar around apples. Dust with cinnamon and dot with three tablespoons butter. Pour around them the peach syrup and about half a cup of water, and bake until tender, about thirty minutes in a hot—400°—oven. Serves eight.

### Combination Salads

**Pear and Date Salad:** Drain eight halves of canned pears, cover with orange juice and let chill for several hours. Drain and place each pear half in nest of lettuce. Stone twenty-four dates, stuff with cream cheese, and place a whole pecan half on top of each. Put three dates on top of each pear, and garnish with cream mayonnaise. This elaborate salad serves eight.

**Five Fruit Salad:** Drain the contents of a No. 2 can of peach halves and a No. 2 can of grapefruit, and chill. Remove all the skin and fibre from two oranges, and cut in thin circles or separate in sections. Cut two bananas in fingers. Place half a peach in the center of a bed of lettuce, and fill the cavity with cream mayonnaise to which has been added bits of preserved ginger and chopped salted almonds. Arrange the other fruits in groups around the peach. Serves eight.

## Frisch Dubbed "McGraw, Junior", By Players, Boss

St. Louis, Sept. 13—(AP)—When a baseball writer recently referred to the Cardinals' new manager as Frankie (John McGraw, Jr.) Frisch he started smiling.

Now he's "McGraw, Jr." or "Muggsy, Jr." to his players, and even Sam Breadon, the trading club president, has caught the spirit. In the privacy of his office, the grapevine has it, Breadon refers to Frankie as "Junior". And with no privacy at all, Breadon is willing to talk about Frisch and McGraw in the same breath.

"I believe Frisch is going to make a great manager," says Breadon. "It's a large order to say anybody is going to take McGraw's place. But if there is anybody in sight who has a chance to do it, it is Frisch. Frank has the same ever burning desire to win, that great essential, and he is just as intolerant of mediocrity."

Breadon already is out with a prediction that the Cardinals under Frisch will win the National League pennant next year.

"And might have won this year with the team playing Frisch ball all the way," says Sam.

### Schoolboy Wonder Of Years Ago Now In Select Circle

Pittsburgh, Sept. 13—(AP)—The "schoolboy wonder" of 16 years ago, now the veteran Waite Hoyt, is the newest member of an extremely exclusive baseball set—a half dozen present-day pitchers who can boast of 200 or more victories.

The sturdy right hander vaulted into the select circle yesterday by hurling the Pittsburgh Pirates to a four-hit, 2 to 0 triumph over his one-time teammates, the Brooklyn Dodgers.

It was Hoyt's 520th major league game, and out of those clashes he has won 209 and lost 147 for an average of .588.

Others in baseball's "200" are Eppa Rixey of Cincinnati, with 266 wins, Burlingame Grimes of the St. Louis Cardinals with 255, Urban Fieber of the Chicago White Sox, 252, Herb Pennock of the Yankees, 236, and Sam Jones of the White Sox, 221.

### Islanders Took First Game Last Night: Near End

Rock Island, Ill., Sept. 13—(AP)—The Islanders whipped Davenport behind the shutout pitching of Bill Strickland here last night, 4 to 0 to take their first game of the post-season Mississippi Valley series for the league title. Davenport has won three and needs only one victory to terminate the series.

Strickland and Al Piechota, who went the route for the Blue Sox, struck out nine batters apiece and each was nicked for eight hits. Half of Rock Island's safeties were bunched in the eighth inning, however, for three scores.

Patterson and Suenne had perfect night at bat, while Parker's two doubles drove in two of the Islanders runs.

## For the LOVE of EVE by Lucy Walling

BEGIN HERE TODAY  
EVE BAYLESS, society assistant to EARLE BARNES, advertising manager of Bibby's department store, marries DICK RADER, a construction superintendent. Dick wants Eve to stop working but she refuses.

Una over to Dick, Eve plays the stock market on borrowed money. ARLENE SMITH, stenographer at Bibby's, buys stock on Eve's advice but loses all her money. SAM HOLTERIDGE, an advertising man employed by another store, is infatuated with Arlene.

Several small thefts occur at the office. One day Eve's diamond ring is missing.

### NOW GO ON WITH THE STORY

ARLENE put one finger to her lips, cautioning quiet, as Eve told her about the disappearance of the diamond ring.

"But I must find it!" moaned Eve.

"It was Mona, of course," said Arlene. "I remember that I saw her coming into the office when I stepped out of the elevator. She was alone here for a full minute and you know she always makes a bee-line for the mirror the minute she comes in! She is in Barnes' office now and he didn't send for her, either. Evidently she didn't want to be present when you discovered that the ring was gone. Listen! I'll disappear and when she comes out you can confront her. I'll stop at the desk outside where I can keep an eye on the office door. If she comes out I'll follow her and call the house detective if necessary. She's not going to get away with this!"

Mona emerged from Barnes' office a little later, picked up a supply of copy paper and set to work typing. But Eve and Arlene were not deceived by this show of industry. In a few minutes Mona rose leisurely and started for the door.

"Oh, Miss Allen!" Eve called as Arlene, apparently without abruptness, arose and left the office.

By Eve's door, Mona paused reluctantly by Eve's desk.

"Don't you think your little job has gone far enough?" Eve held out her hand. "I'll take my ring now if you don't mind."

Mona forced a sickly smile. "Wondered how long it would be before you missed it," she murmured, dropping the ring into Eve's palm.

When the time for her two weeks' vacation arrived Eve found herself strangely reluctant to leave Lake City. She tried to convince Dick that she did not need to go away for a rest. "We can take a little drive into the country every day," she said. "I'll rest a lot and we can go out to dinner evenings. That way we won't spend much. If we went to a smart hotel I'd need a lot of new

clothes."

"A hotel at some popular resort is not my idea of a vacation," Dick returned. "Seems silly to me to try to impress people we've never seen before and probably never will see again. You have plenty of clothes and we're going on a vacation trip. It will do you good to get away from the smoke of your own chimney."

They argued the question for several days. Eve's real reason for not wanting to leave Lake City was that she did not like to lose touch with the brokerage office. However Dick won out and Eve agreed to the trip.

"We'll go home," she decided. "Mother will be glad and I can help Esther take care of her. We won't have to spend a lot of money, either."

Bibby's closed at 1 o'clock on Saturdays during the summer. At 1:15 Eve, feeling happy and excited, stepped into the roadster beside Dick.

The trip was to be made in leisurely fashion. Dick had mapped out a route they had not traveled before. They kept to pleasant by-roads, winding among hills and along streams. The first night they lodged at a historic tavern where, they were told, President Van Buren had once spent a night and where President William Henry Harrison and his bride had stopped on their wedding journey.

How far away those historic figures seemed, Eve reflected. How little people thought about them now. The thought somehow made her own feverish efforts toward a career seem rather futile.

MRS. BAYLESS was gradually winning back her usual good health. When she saw Eve she exclaimed, "Why, you're thinner, child! You're working too hard!"

"Perhaps I am—a little," Eve assented. "The weather has been dreadful this summer. It takes away my appetite."

The two weeks passed quickly. There were family dinners, picnic suppers, hikes and a bridge party or two. Eve was surprised and somewhat piqued to note that most of the girls of her old crowd were quite as smartly though perhaps not as expensively dressed as herself and that most of them had more leisure and knew more about the new books and plays than she did. They had organized a garden club and were making plans for an autumn flower show with an interest Eve recognized as both intelligent and sincere. Not one of them, she knew, envied her success in the business world.

One afternoon Eve and Dick went to call on Grandmother Bayless. The small, withered old woman whose sharp tongue Eve had always feared a little was no longer spry. She sat by the window, sometimes with her thin, work-worn hands folded in her lap but usually occupied with a bit of mending or other needlework.

There were tears in her faded eyes when Eve stooped to kiss her cheek. "I'd have been down to the store if you hadn't been here."

When her vacation was at last at an end and it was time to return to Lake City, Eve was both anxious and reluctant to go. What would the next few months do with her life and career and with Dick's?

The afternoon following her return to the store Eve stood at her desk wearing an old smock over her trim black gown. Before her was a layout sheet and she was pasting into place sketches and captions. Arlene was busy transcribing shorthand notes, while Mrs. Penney worked at her drawing board. Mona was somewhere in the store.

To Eve's amazement a policeman entered and asked for "Miss Bayless."

## FORRESTON TO STAGE ITS BIG KRAUT FESTIVAL Village Will Be The Mecca Of Multitudes On Tomorrow

Tomorrow Forreston will play host to multitudes, serving generous portions of sauerkraut, wieners, rye bread and coffee free to all.

Sauerkraut day has been an annual fall event in Forreston for many years and the hospitality of the village has become a byword throughout the middlewest.

Not content with serving a free kraut dinner to its visitors, the village is sponsoring a lavish program of speaking, music and entertainment.

**Four Bands to Parade**  
The days' festivities officially get under way at 10 a. m. with a parade of gaily decorated floats headed by four bands and a fire and drum corps from Rockford.

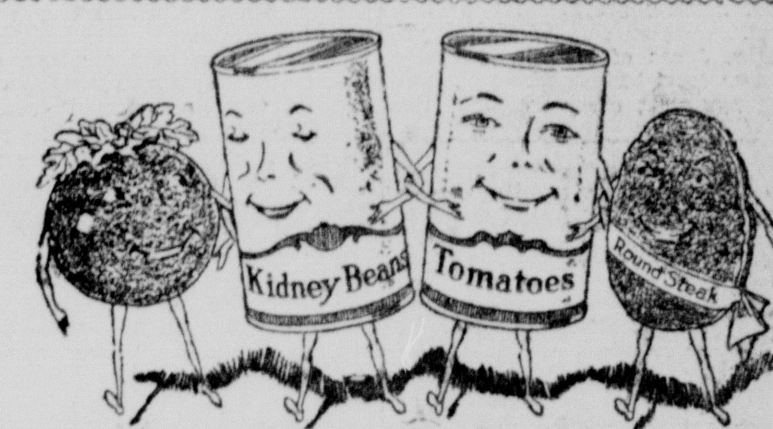

At 11 a. m. C. F. Robertson, Forreston banker, will deliver an address of welcome and the responses will be given by C. W. Middlekauff, Preceptor; Owen Clymer, Dixon, and Frank Wirtz, Forreston. The address of the day will be delivered by Congressman Leo Allen of Galena.

Mrs. W. B. Allison, left, wife of the missing former superintendent of schools of Camden county, Mo., right, and mother of his six children, says she will welcome her husband's return. Although Mrs. Stella James, a school teacher living near, La. mar, Mo., asserts she married Allison in 1930.

## The Fraternal Tomato

THE tomato is a gregarious chap. He'll go along with almost any other food in brotherly fashion and he doesn't care whether the food is a meat or a vegetable as long as it and he are well cooked. He is quite content and toothsome, for instance, in such a combination as:

**Kidney Beans with Fresh Tomatoes:** Put alternate layers of kidney beans from a 10½-ounce can and four sliced ripe tomatoes in a buttered baking dish, seasoning each layer of tomatoes with salt and pepper. Cover top with buttered crumbs, and lay three long slices bacon, cut in halves, on top. Bake in medium oven till toasty.

**Stew Steak with Tomatoes:** Have one and three-quarters pounds round steak cut about three-fourths inch thick. Dredge both sides with flour and pound with the edge of a heavy plate until the fibres are well broken. Brown

## SIXTH SUPREME JUDICIAL DIST. BAR WILL MEET

Annual Session Will Meet In Sterling Tomorrow Morning

The Eighteenth Annual meeting of the Federation of Local Bar Associations for the Sixth Supreme Judicial District of the State of Illinois will be held in the Coliseum at Sterling tomorrow morning.

The principal address will be given by Floyd E. Thompson of Chicago, President of the Illinois State Bar Association, who is well known throughout the state, being a former Chief Justice of the Supreme Court of Illinois. He was also a candidate for Governor of this state several years ago.

The meeting will convene at 10 o'clock with an address of welcome given by S. M. McCalmont, of Morrison, President of the Whiteside County Bar Association. Following this there will be an extensive discussion of the new Civil Practice Act by Albert E. Jenner, Jr., of Chicago who assisted with the drafting of the Act. Members of the bar from various counties in the district have been selected to participate in the same.

Judge Shaw to Speak

There will be a luncheon in the Coliseum at noon. Upon the completion of the luncheon, Judge Thompson will give his address. He will be followed by the Honorable Elynn R. Shaw, of Freeport, Associate Justice of the Supreme Court of Illinois and the representative of this district who will give a brief address.

At the afternoon session the discussion of the new Civil Practice Act will be continued. If sufficient time remains, the new Business Corporation Act will also be discussed.

The counties included in the Sixth Supreme Judicial District are Boone, Carroll, DeKalb, Jo Daviess, Kane, Kendall, Lee, Ogle, Stephenson Whiteside and Winnebago.

The present officers of the Federation in addition to Mr. Snively, are: Judge Richard V. Carpenter, of Belvidere, President; Henry C. Warner of Dixon, Vice President; William J. Emerson of Oregon, Treasurer; and Fred B. Shearer of Aurora, members of the Board of Governors of the Illinois State Bar Association for this district.

It is expected that the courts in the various counties in the district will adjourn so that every lawyer will have an opportunity to attend this meeting which promises to be the most important that has ever been held.

## DEATH OF HARRY STERLING WAS NOT EXPECTED

Funeral Of A Former Dixon Man To Be Held In Lima

The Rockford Morning Star contained the following concerning the death of Harry C. Sterling, native of this city, brother of former Lieut. Gov. Fred E. Sterling of Rockford and cousin of Robert W. Sterling and A. L. Bivins of Dixon:

Harry C. Sterling, only brother of former Lieut. Gov. Fred E. Sterling, of Rockford, died in Lima, O., Monday afternoon. Although Mr. Sterling had suffered from a slight heart affection, it was not expected that he had been ill.

Mr. Sterling was born and spent his boyhood at Dixon, Ill. Later he lived at Huron, S. D., and Helena, Mont., and was engaged in the electric light business in both of these cities.

For many years he had been employed in a managerial capacity by the American Gas and Electric company, being associated for a considerable period at Atlantic City with Frank Golden, formerly of Rockford. For a dozen years or more he had lived at Lima, O., having the management of the American Gas and Electric company's extensive property at that place. He was a Mason and active in Rotarian work there. He was 66 years of age and is survived by his widow. His first wife, who was Mae Stephenson, formerly of Dixon, and his only daughter are buried at Lima. Mr. Sterling had frequently visited Rockford relatives, his last trip here being last fall.

Interment will be at Lima Thursday morning at 10 o'clock. Mr. and Mrs. Fred E. Sterling and daughter, Miss Olive, will motor there Wednesday for the funeral services.
